**Synopsis:** The status quo has been redefined. Women have started behaving like men, and men have started behaving like women. This all takes place in the highly probable near-future of Evolution (EvaLuShaun). An edgy comedy TV series that takes you into the lives of three unique, sexy, and single women. **Eva, Lu, and Shaun** are three best friends who try to navigate through the over sexed and complex Los Angeles dating scene where men hold the edge now.
