

“The Gift” – The Return of Wonder

Plot: Fate delivers humanity's last chance at discovering its purpose

Genre: Novel, screenplay, episodic, comic, video game

Synopsis: 'The Gift' is a children's book series concept that aims to answer the eternal questions of purpose and spirituality. To the questions of how are we all connected and why are we here, 'The Gift' will take you on a journey like no-other. From a time before time to the fate of forgotten realms, the miracles that shaped our world have returned to Earth and will determine our future. 'The Gift' tells the true history of the events that have led to our current state and, through a young (and 'gifted') heroine named Shell, what mankind must do in order to survive
